Welcome to the first Pack 746 Meeting of this scouting year! This month's Theme is about the animals that inhabit the earth and how their health and well being depend on our actions. Some ways that we can benefit animals include volunteering at local zoos or animal shelters and protecting the environment by not putting anything in storm drains and cleaning up trash. Another part of protecting animals is learning about them by going into their habitat and observing them.

- The Tigers, Wolves, Bears, and Webelos appreciate all the hard work that their "Keepers" did over the summer:
- ❖ **Linda Berryman** and **Karen Dunn** for organizing the Pack Picnic.
 - ❖ **Bob and Kay Herdoiza** for running the rocket event.
 - ❖ **Andrea and Jerry Sarokin** for organizing the Tye Dye T-Shirts.
 - ❖ **Tom and Renee Landis** for organizing the Fourth of July Parade.
 - ❖ **Dana Dulzo** for organizing the Day Camp Event.
